1918.—The *WORLD* had four underwriters (1911 and 1912 under the name of the *World*) and with the addition of new owners the *World* was sold to the *World* in 1918. In the history of the *World* in the past, it is worth noting that it is the only newspaper in the world to have been sold to the *World* in the past.

All others for whom per diem are not requested will understand that they have failed at the examination held in December 1945.

THE STATISTICAL SUPPLEMENT TO THE FORT ST. GEORGE GAZETTE

No. 98] MADRAS, TUESDAY EVENING, MARCH 3, 1912

REPORTS ON CROPS.

Statistics—Cotton—1911-12—Fourth (interim) report.

The average of the cotton under cotton in the Madras Province during the five years ending 1910-11, has represented 8.7 per cent of the total area under sown in India.

3. The area under cotton up to the 25th January 1912 is estimated at 1,121,000 acres. When compared with the area of 5,176,000 acres estimated for the corresponding period of last year, it reveals an increase of 2.0 per cent.

Four hundred and thirty six thousand six hundred acres have been reported as sown since the last Census for harvest was made. This extent comprises thirty 750,000 acres under Transvaal including Kanyasabati in Calcutta, 190,000 acres under Orissa, 15,000 acres under Madras, 15,000 acres under Mysore and the North-West Frontier, 1,500 acres under Punjab and 1,500 acres under other provinces. The area sown in December and January is less than that sown in the corresponding period of the previous year by 8,700 acres or by 2.7 per cent.

3. The cotton area sown in the current year as compared with the area in 1910-11, shows a fall in the important cotton growing districts of the Province of the Ganges, Kanyasabati, Punjab, Orissa and Transvaal. The cotton area sown in Kanyasabati is 48,000 acres, Orissa 14,000 acres, Punjab 14,000 acres, Madras 14,000 acres and Transvaal 14,000 acres. The area sown in the other districts is reported as follows:

4. The area under irrigated cotton, mostly in the Punjab, is estimated at 105,000 acres as against 105,000 acres estimated for the corresponding period of the previous year, an increase of 7.4 per cent.

5. Findings of the census in early sown cotton crop in the Districts are as follows:—The yield was better than that in the previous year.

The crop was affected by drought in parts of Transvaal, Orissa, Punjab and Madras. Several districts reported 2 or 3 per cent of the cotton crop was lost. In the Districts of Orissa, Punjab, Madras and Transvaal the yield was better than that in the previous year.

6. The average yield per acre for the Province was 10.5 per cent of the average of the previous year. On this basis the total yield is estimated at 11,760,000 bales of 400 lbs. It is agreed that 2.5 per cent of the cotton crop is lost in the previous year. It is, however, too early to estimate the yield with accuracy as the harvest has not yet commenced in

the major portion of the area and much will depend upon the future weather conditions and the rainfall in the season.

8. The estimated area and yield under the several varieties are given below:—

Area in hundreds of acres. (a. 100 being an acre.) Yield in hundredweight of 100 lb. (a. 100 being an acre.)

Amendment of
Act No. 10 of
1921.

§ In section 15 of the Workmen's Compensation Act, 1921, for clause (d) the following clause shall be substituted, namely:—

(d) No compensation shall be payable under this Act in respect of any injury in respect of which provision is made for payment of a gratuity, allowance or pension under the War Pensions and Soldiers' Allowances (Madras) Act, 1920, or the War Pensions and Soldiers' Allowances (British India), (No. 1) Scheme, 1921, or under the Pension (Shop, Army, Air Force and Nominated Officers) Act, 1920, or under the War Pensions and Soldiers' Allowances (British India) Scheme, 1921, made by the Central Government.

(f) an application has been made for payment in respect of that injury under any of the schemes referred to in the preceding clause, and

(g) the Provincial Government certifies that the said application was made in the manner laid down in the said Act in respect of which the scheme under which the application was made makes provision for payments, and that the application was rejected or that payments made in pursuance of the application were discontinued on the ground that the injury was not such as injury, and

(h) the proceedings under this Act are commenced within one month from the date on which the said certificate of the Provincial Government has been furnished to the person commencing the proceedings.

Report.

3. The Workmen's Compensation (Second Amendment) Act, 1922, No. 10 of 1922, is hereby repealed.

STATEMENT OF OBJECTS AND REASONS

In 1921 the Workmen's Compensation Act, 1921 (XIII of 1921), was amended with a view to relieving employers of their liability to pay compensation to workmen under the Act in respect of war injuries for which a payment could be obtained under any scheme of compensation made by competent authorities in the United Kingdom. Such schemes made in the United Kingdom provide for payment of compensation to persons serving in ships registered under the Merchant Shipping Act, 1920. The Central Government has, in pursuance of a Resolution adopted by the Indian Legislature, made a scheme, called the War Pensions and Soldiers' Allowances (British India) Scheme, 1921, providing for payment of compensation in respect of war injuries sustained by persons serving in ships registered under the Shipping Companies Vessels Act, 1925, or under the Indian Registration of Ships Act, 1921. It is therefore necessary further to amend the Workmen's Compensation Act so as to take away from workmen any right to compensation under the scheme made by the Central Government. The present Bill is introduced to carry this object. Opportunity has been taken to insert in the specific clause of the United Kingdom scheme and to carry out certain broad amendments rendered desirable by the actual provisions of that scheme.

(Prepared by order of His Excellency the Governor)

P. APPA NAIDU,
Secretary to Government, Legal Department.

The following Bill was introduced in the Legislative Assembly on the 11th February 1942:—

L.A. BILL No. 2 OF 1942.

A Bill further to amend the Indian Merchant Shipping Act, 1922.

22 of 1942. Whereas it is expedient further to amend the Indian Merchant Shipping Act, 1922, for the purpose hereinafter appearing; It is hereby enacted as follows:—

1. This Act may be called the Indian Merchant Shipping (Amendment) Act, 1942.
2. To amend S.A. of the Indian Merchant Shipping Act, 1922, the following sub-section shall be added, namely:—
- (b) A master shall not be entitled under clause (b) of sub-section (1) to receive compensation for the loss of his efforts on any case in which provision is made for the payment of compensation for any damage in such cases under the Compensation to Seamen (War Damage to Effects) Scheme, 1942, made under section 6 of the Fisheries (Emergency, Air Force and Merchant Marine) Act, 1939, or that Scheme as subsequently amended, or under the Compensation to Indian Seamen (War Damage to Effects) Scheme, 1942, made by the Central Government.

STATEMENT OF OBJECTS AND REASONS

The United Kingdom Compensation to Seamen (War Damage to Effects) Scheme, 1942, as amended, has been extended to the masters of British ships registered in India under the Merchant Shipping Act, 1922, and a similar but closed similar scheme, called the Compensation to Indian Seamen (War Damage to Effects) Scheme, 1942, has been introduced by the Central Government for the masters of ships registered under the Indian Registration of Ships Act, 1921, or under the Bombay Coasting Vessels Act, 1928. As a result, whereas that is to say, the Master and members of the crew of ships registered in British India, who sustain war damage in their efforts, are entitled to compensation from the State under section 38A (1) of the Indian Merchant Shipping Act, 1922 (XXI of 1922), however, an Indian seaman who is employed on a ship registered in British India and whose service terminates before the date contemplated in the agreement by reason of the wreck or loss of the ship is also entitled to receive compensation for loss of efforts from his employers. To prevent the possibility of double claims, it is proposed to amend the Indian Merchant Shipping Act, 1922, so as to take away from Indian masters any right to receive compensation under that Act in cases where they are entitled to claim compensation under the Compensation to Seamen (War Damage to Effects) Scheme or under the Compensation to Indian Seamen (War Damage to Effects) Scheme, 1942.

STATEMENT OF OBJECTS AND REASONS

After the outbreak of the present war the Indian coffee industry lost certain important foreign markets. There was therefore a great slump in the price of coffee. A Coffee Control Conference consisting of the members elected was held in September 1940 to consider the steps that could be taken to save the industry from collapse. After full consideration of the recommendations made at the Conference, the Coffee Market Expansion Ordinance, 1940, was promulgated providing for the necessary safeguards in the Indian coffee industry for regulating the export of coffee beans, and the sale of coffee in, British India, and other connected areas.

The duration of the Ordinance was limited in order to make provision for legislation after gaining experience and after consulting the members of the coffee industry in the matter.

A second Coffee Control Conference of the coffee interests was accordingly convened on the 29th October 1941. The Conference recommended that the control scheme has been greatly benefited in the coffee industry in its present crisis and unanimously made the following recommendations:—

- (1) that the control scheme as presently embodied in the Bill, except should be continued by legislation and that its duration be for the period of the war and one coffee crop year thereafter, and

(2) that the central should be lighted to extend with area of 20 acres or more but provision should be made whereby central may be extended, if necessary, over areas with areas below 10 acres.

These recommendations were endorsed by the Standing Advisory Committee of the Legislature attached to the Commerce Department.

4. In view of the general agreement of all interests for the maintenance of the coffee estates where it is proposed to continue central by legislation, and the present D.E. is designed to achieve this object.

The following Bill was introduced in the Legislative Assembly on the 11th February 1947:—

L. A. BILL No. 4 OF 1947.

A Bill further to amend the Indian Penal Code.

WHEREAS it is expedient further to amend the Indian Penal Code for the purpose hereinafter appearing; It is hereby enacted as follows:—

1. This Act may be called the Indian Penal Code (Amendment) Bill, 1947.

2. In Chapter II of the Indian Penal Code, after section 22 the following section shall be inserted, namely:—

"22A. The word 'harbour' includes the supplying a person with shelter, food, drink, money, clothes, arms, ammunition or means of locomotion, or the assisting a person by any means, whether of the same kind as those mentioned in this section or not, to evade apprehension."

3. Section 215B of the Indian Penal Code shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

Section 215B of the Indian Penal Code defines the meaning of the word "harbour" as used in sections 215, 216 and 215A. The word is also used in sections 202, 206 and 207, and as used in these sections bears its primary dictionary meaning. There is no original justification for differentiating between the meaning of the word as used in different sections of the Code, and the fact that the word is used in sections 215B and 215C and 215A appears to have been overlooked when section 215B was inserted by Act III of 1939. The fact that the word meaning does not attach to the word as used in section 215, which provides for the punishment of persons who harbour an escaped prisoner of war, might well produce confusion in existing circumstances, and it is proposed to amend the definition in section 215B applicable to the Code generally by transferring that section to Chapter II of the Code. It is also proposed to insert clause in the definition with a view to remove a number of practical questions as to the question whether the assisting acts of the defendant as now contained in section 215B conform all forms of assistance in any form of assistance against persons with those previously mentioned in the section. The Allahabad High Court has held that the meaning is as limited (20 Allahabad 361), while the Calcutta and Bombay High Courts have taken the contrary view (20 C.W.N. 302 and 1 Lucknow 37). It is proposed to clarify the point in the sense of the view taken by the Calcutta and Bombay High Courts.

(L.A. BILL No. 8 OF 1942.)

A Bill further to amend the Indian Medical Council Act, 1933.

STATE OF

1. This Act may be called the Indian Medical Council (Amendment) Act, 1942.

ENACTED
IN PARLIAMENT

2. After section 16 of the Indian Medical Council Act, 1933, there shall be inserted, namely:—

Section 16
of Act No.
19 of 1933

" 16A. (1) The Council may appoint such number of visitors as it may deem expedient to attend at any or all of the examinations held by medical institutions in British India for the purpose of granting recognised medical qualifications.

(2) Any person, whether he is a member of the Council or not, may be appointed as a visitor under this section; but a person who is appointed as an examiner under section 16 for any examination shall not be appointed as a visitor for the same examination.

(3) Visitors appointed under this section shall not interfere with the conduct of any examination, but they shall report to the President of the Council on the sufficiency of every examination which they attend and on any other matters in regard to which the Council may require them to report.

(4) The report of a visitor shall be treated as confidential unless in any particular case the President of the Council otherwise directs."

3. In subsection (1) of section 17 of the said Act, after the words "upon report by the Executive Committee" the words "or by a visitor appointed under section 16A" shall be inserted.

Section 17
of Act No.
19 of 1933

4. In clause (a) of subsection (2) of section 18 of the said Act, for the word "examiners" the words "examiners and visitors" shall be substituted.

Section 18
of Act No.
19 of 1933

STATEMENT OF OBJECTS AND REASONS

The Executive Committee of the Medical Council of India, appointed medical inspectors under section 16 (1) of the Indian Medical Council Act, 1933 (Act No. 19 of 1933), in its attempt to procure at examinations held by medical institutions in British India for the purpose of granting recognised medical qualifications. The Medical Council has found from experience that, in order to enable it to carry itself fully up to the standards of examinations held during the course of medical education, it is necessary that there should be a provision for the appointment by the Council of visitors who would attend examinations and who would be able to judge the extent to which the above mentioned by the medical inspectors with regard to minimum standards has been complied with and whether the marking facilities provided are adequate. The visitors appointed would be members of the Council.

III-2-2

or other persons of similar standing and their services would be necessary. They would report to the President of the Council independently of, and separately from, the respective an entry examination board. It is proposed to make a provision for the appointment of a person by the Council by amending the Indian Medical Council Act, 1902.

(3) The Central Registrar of Co-operative Societies, if appointed, shall exercise in respect of all co-operative society in which this Act applies, in the execution of Provincial Regulations, the powers and functions respectively by the Registrar of Co-operative Societies of the province in which such society is actually registered.

5. If any co-operative society fails to furnish the information which it is required to furnish by or under sub-section (2) of section 3 or sub-section (2) of section 5, or to submit any return required to be submitted under either of those sub-sections, the society, and any other or members of the society responsible for the failure, shall each be liable to fine which may extend to fifty rupees, and the registration of the society may, at the discretion of the Registrar of Co-operative Societies of the province in which the society is actually registered, be cancelled.

6. The Central Government may, by regulation, in the Official Gazette, make rules for carrying into effect the provisions of this Act.

STATEMENT OF OBJECTS AND REASONS.

Multi-unit co-operative societies, that is to say co-operative societies operating over more than one province, are "corporations" within the meaning of entry 55 in List I of the Seventh Schedule of the Government of India Act, 1935, and the legislative and executive authorities in respect of these co-operative societies, registration and winding up is exclusively Central. Any provisions of the Co-operative Societies Act, 1933, or of the Provincial Co-operative Acts which might apply to such co-operative societies in respect of such multi-unit societies in provinces can have no valid basis. It is, therefore, necessary to legislate for the incorporation, registration and winding up of co-operative societies operating over more than one province.

7. The Bill applies to the multi-unit societies the existing legislation applicable to societies operating within a single province. It will apply to all multi-unit societies irrespective of the nature of their work. Provision has been made to enable the Government to appoint a Central Registrar but as the number of multi-unit societies in existence at present is small, it is proposed to submit the functions of the Central Registrar to the Executive Director and the growth in the number of multi-unit societies under the application of a Central Registrar may be required.

The branch office of a multinational society will also be vested in the Registrar of the societies whose such branch office are situated, and they will also have the power to call for such returns and information from the branches of such society existing in the colony as will be from time to time required by them.

Mr. RAY,

(Regulated by order of His Excellency the Governor)

P. APPU NAIR,
Secretary to Government, Legal Department.

The following Bill was introduced in the Legislative Assembly on the 12th February 1942.—

L.A. BILL No. 3 OF 1942

A Bill further to amend the Indian Boiler Act, 1923.

Enacted

Whereas it is expedient further to amend the Indian Boiler Act, 1923, for the purposes hereinafter appearing, It is hereby enacted as follows:—

1. This Act may be called the Indian Boilers (Amendment) Act, 1942.

Enacted

2. In sub-section (2) of section 3 of the Indian Boiler Act, 1923,—
(a) in clause (4), the word "or" shall be added;

Amendment
of clause 4,
Act 7 of 1923.

(b) after clause (4), the following clause shall be added, namely:—
"(5) appearing to a stevedore or Chiefmate of a type such as is commonly used in hospitals, if the boiler does not exceed twenty gallons in capacity."

STATEMENT OF OBJECTS AND REASONS.

By the amendment of the definition of "boiler" in section 3 (2) of the Indian Boiler Act, 1923, as amended, stevedores and Chiefmates operating the pumps in capacity even within the scope of the Act. These vessels are, however, not constructed in accordance with the usual boiler practice and the material and design adopted do not usually conform to the Indian Boiler Regulations, 1923. Not are these vessels in practice registered and inspected under the Act in consultation with the Provincial Governments and so the amendment of the Central Boiler Board, it is proposed to exempt stevedores and Chiefmates of a type commonly used in hospitals having a total capacity not exceeding 20 gallons from the operation of the Act. The Bill is designed to give effect to this proposal.

The following Bill, together with the Statement of Objects and Reasons, is published for the purpose of eliciting opinion. Notice is hereby given that the said Bill will be considered on or after the 25th April 1943, and that any objection or suggestion which may be received with respect thereto before the said date by the Secretary to the Government of Madras in the Revenue Department, will be considered.

A Bill to amend the Periyar Irrigation Tanks (Preservation) Act, 1934, for a certain purpose.

Madras
Act V of
1942.

WHEREAS it is expedient to amend the Periyar Irrigation Tanks (Preservation) Act, 1934, for the purpose hereinafter appearing:

of Ord. 5,
Ch. 5.

AND WHEREAS the Governor of Madras has, by a Proclamation under section 93 of the Government of India Act, 1935, assumed to himself all powers vested by or under the said Act in the Provincial Legislature;

1942

[19]

Now, ~~therefore~~, in exercise of the powers so assumed to himself, the Governor is pleased to enact as follows:—

Short title.

1. This Act may be called the Periyar Irrigation Tanks (Preservation) Amendment Act, 1932.

Amendment
of section 8,
Madras
Act V of
1924.

2. In sub-section (2) of section 8 of the Periyar Irrigation Tanks (Preservation) Act, 1924—

Madras
Act V of
1924.

(i) in clause (a), for the words "total average area", the words, brackets and figure "aggregate of (i) the total average area in the estate or estates concerned" shall be substituted;

(ii) in the same clause, the following words, brackets and figure shall be added at the end, namely:—

"and (ii) the total average area of ryotwari wet lands, if any, held under, and of ryotwari wet and dry lands, if any, irrigated with permission from, such tank during the three fasals aforesaid";

(iii) in clause (b), for the words "the total average area", the words "the aggregate area" shall be substituted;

(iv) after Illustration (4), the following Note and Illustrations shall be added, namely:—

"NOTE.—In Illustrations (1) to (4), it is assumed (a) that there are no ryotwari wet lands under the tank, and (b) that there are no ryotwari wet or dry lands irrigated with permission from the tank.

(5) The facts are the same as in Illustration (1), but in addition 10 acres of ryotwari wet lands are held under the tank and 10 acres of ryotwari wet and dry lands are irrigated with permission from the tank. In this case, the landholder should bear $\frac{1}{10}$ of the total cost, and the Government should bear the remainder, namely, $\frac{9}{10}$.

(6) The facts are the same as in Illustration (5) except that a contract is proved by which the ryots holding wet lands under the landholder are bound to bear a share of the cost in proportion to their holding. Out of the 20 acres on which water-tax was levied at the rate prescribed for irrigation of wet lands in whole isam and samindari villages, 20 acres are held by the ryots and the remaining 10 acres by the landholder. The Government have to bear $\frac{17}{20}$ of the total cost as in Illustration (5), the ryots $\frac{3}{20}$ and the landholder $\frac{1}{20}$.

(7) The facts are the same as in Illustration (2), but in addition 30 acres of ryotwari wet lands are held under the tank and 10 acres of ryotwari wet and dry lands are irrigated with permission from the tank. Landholder A will bear $\frac{10}{30+10+10+10}$ or $\frac{1}{4}$ of the total cost, landholder B will bear $\frac{10}{30+10+10+10}$ or $\frac{1}{4}$ of the total cost, and the Government will bear the remainder, namely, $\frac{21}{20}$.

(8) The facts are the same as in Illustration (4). The extent of the lands in the estates of the several landholders is 400 acres and in addition 150 acres of ryotwari wet lands are held under the tank and 50 acres of ryotwari wet and dry lands are irrigated with permission from the tank. The several landholders in the estates have to pay $\frac{1}{400} \times \frac{150}{150}$ or $\frac{1}{4}$ of the total cost in proportion to the areas lying within their respective estates on which water-tax has been levied and the Government will have to bear the remainder, namely, $\frac{3}{4}$.

STATEMENT OF OBJECTS AND REASONS.

Section 5 (2) of the Periyar Irrigation Tanks (Preservation) Act, 1934 (Madras Act V of 1934), apportioned the liability of the cost of repairing a tank under the provisions of that Act, as between the landholders concerned on the one hand and the Government on the other. The principle adopted is that each landholder should bear such proportion of the cost, as one-half of the average area of the wet lands in his estate under the tank, on which water-cows is levied, bears to the total average area of the wet and dry lands under the tank, on which such cow is levied. The liability is thus determined solely with reference to lands on which water-cows is levied. Systematic wet lands, if any, held under the tank and systematic wet and dry lands, if any, irrigated with permission from the tank are not taken into account. There is however no reason in principle for this omission. The Bill is intended to rectify this defect. It will result in a reduction of the landholder's liability in cases where there are systematic lands irrigated from the tank. The manner of its operation will be clear from Illustrations (5) to (6) which have been newly added to section 5 (2) of the Act.

Secretary to Government, Legal Department.

NOTIFICATION.

The following Statement of the reasons which have moved His Excellency the Governor to enact the Madras University (Amendment) Act, 1942, in exercise of the powers of the Provincial Legislature assumed by him under the Proclamation issued under section 93 of the Government of India Act, 1935, is published for general information:—

Statement.

Section 17 (2) of the Madras University Act, 1929 (Madras Act VII of 1929), fixes the quorum for meetings of the Senate

at 35. For a number of years after the passing of the Act, the University was acting upon the view that this provision did not apply to convocations of the University or meetings of the Senate, held for conferring degrees, titles, diplomas and other academic distinctions. As doubts are now felt as to the correctness of this view, it is considered desirable to remove these doubts, and also to validate specifically degrees, titles, etc., conferred at convocations and meetings of the Senate, notwithstanding that the quorum fixed by section 17 (2) was not present thereat. A Bill containing the necessary amendments to the Madras University Act, 1923, was published for criticism but no objection or suggestion was received. His Excellency the Governor has enacted the Madras University (Amendment) Act, 1942.

(By order of His Excellency the Governor)

P. APPU NAIR,
Secretary to Government.
